Burns Citizen: You say it does not pay to take the home paper? Perhaps it does not. It does not pay some people to live. Our paper is not the best in the world, but if you can show us that it is not worth two cents, we will eat the next issue. First you read it, then you will spread it over something, then clean your lamp with it and then use it to start the fire, and if that does not make it worth two cents, at the present price of lumber, why, don't take it.

August Flower.

"It is a surprising fact," says Prof. Houton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation.
